

CUBANS-EAGLES FRIDAY NIGHT

Pompez's men of Cuba will come to the lair of the Eagle Friday night and will try to make the lovable local citizens forget the beating that The Great McDuffie plastered on them at the same Ruppert's Stadium opening day. This June 1, affair will start at 8:30 P.M.

The Eagles have found their batting eye and Harvey, Pearson, and Davis figure to make the outfielders sweat now that they have found the range at the home grounds. "The Silver Eagle", Mackey is sporting a batting average of .545 at the current writing and he intends to increase it. "Flash" Humber, the fielding phenom enon is back and intends to fight to the finish, with Banks, for the second base berth.

Jimmy Hill, "Beef" Newcombe and Terris The Great McDuffie are all in rare form and Bert Williams seems to be the fourth man on the hurling staff.

The Cubans are in mid-season form and will show the stellar Martin Dihigo for the first time this season. Linares, Thomas, Martinez and Perez will round out the powerhouse attack sported by the Cubans.

Probable batteries for the Cubans will be Nobile catching and Barnhill or Tiant pitching.

The Eagles will have Mackey catching and McDuffie or Hill will toe the slab.
